

# **Current Approaches and Research for Treating Autism**

## ***Expert Panel Discussion***

**Thurs, Nov 12<sup>th</sup>**

**Manhasset High School BOE Conference Room**

**7pm to 8:30pm**

- **Behavioral Approach-Dr. Kim Shamoun, PhD, BCBA**
- **Developmental Approach-Donna Morrison, RDI Consultant**
- **Testing & Assessment-Dr. Alan Wenderoff, PhD**
- **Language & Communication Therapy-Nadia Markovic, MA, CCC-SLP**

Join our panel of experts for an *overview of current approaches* to treating children with autistic spectrum disorder (ASD.) Each panelist will *summarize research and developments from the past 3-5 years* in their field, review *results for specific spectrum issues* and participate in an *open Q&A*. All are welcome to attend.

Contact Manhasset SEPTA at [ManhassetSEPTA@aol.com](mailto:ManhassetSEPTA@aol.com) for more details or to request a copy of the hand-out materials after the workshop/panel discussion.
