*October Is Dyslexia Awareness Month!*

# IDA-Long Island Annual Meeting

Join Emerson Dickman,  
Immediate Past President  
of the

International Dyslexia Association,  
as he shares

what we know about students with dyslexia,  
or those simply struggling to read.

Emerson will

dispel the myths,

review the research, and

explain what we know works:

the five components

of effective reading instruction and

research-based instructional methodologies!

We invite you to

join policy makers, teachers,

district administrators and parents

to discuss what it takes to

ensure all students learn to read.

An ample amount of time for questions and

answers will be provided.

Admission is free.

Refreshments will be served.
